

Let's build new opportunities together at the 5th North America Automotive B2B Meeting!

I am pleased to share that AMFT/Associated Spring will be present on October 15 and 16, 2025 in Aguascalientes. We want to invite buyers, engineers, and automotive industry leaders to meet us and explore how we can collaborate to take their projects to the next level.

? Visit us at Booth 49

At AMFT we combine more than 300 years of experience in high-precision metal solutions, offering:

- Springs, wire forming, and precision stamping for demanding applications.
- Collaboration in design and engineering (R+D) to convert complex specifications into manufacturable products.
- Processes certified under AS9100, IATF 16949 and ISO, which guarantee quality and reliability.
- Capabilities for sectors such as automotive, aerospace, medical, robotics, agriculture, and consumer.

More than a supplier, we seek to be your strategic ally, offering innovation, agility and results that boost your supply chain and the growth of your business.

It will be a pleasure to talk about your challenges and find the best solution together!
